

Arzu Aliyeva

Geophysics Bachelor Coordinator at French - Azerbaijani University
arzu.aliyeva@ufaz.az; Tel: +994 50 518 07 79

Education

- 2017– 2019 **M.Sc.**
Geological exploration faculty/Sedimentology
Azerbaijan State Oil and Industry University, Azerbaijan
- 2013 – 2017 **B.Sc.**
Geological exploration faculty/Geology
Azerbaijan State Oil and Industry University, Azerbaijan
- 2022-current **Ph.D.**
Geological exploration faculty/ Crystallography and Mineralogy
Azerbaijan State Oil and Industry University, Azerbaijan

Employment

- 2023 (March) -Current **Geophysics Bachelor Coordinator**
French – Azerbaijani University
- 2020-2023 **Lecturer**
(March) Azerbaijan State Oil and Industrial University, Azerbaijan
- 2018-2023 **Laboratory Assistant**
(March) Azerbaijan State Oil and Industry University, Azerbaijan
- 20016– 2018 **Geology engineer**
Republican Seismic Survey Centre of Azerbaijan National Academy,
Azerbaijan

Grants/Awards

- 2018-2019 Scholarship Program named academic Khoshbakht Yusifzadeh
(Master student), Azerbaijan
- 2016-2017 Certificate in the conference at Azerbaijan Society of Petroleum
Geologists

Teaching

- 2021 – 2022 “General Geology” (1st year), “Petrography” (2nd year), “Mineralogy,
petrography and Lithology (1st year) in Azerbaijan State Oil and
Industrial University, Azerbaijan
- 2020-2021 “Crystallography and Mineralogy” (1st year), “Geology of ore mineral

deposits” (3rd year) in Azerbaijan State Oil and Industrial University,
Azerbaijan
2020(a term) “Crystallography” (1st year) in Azerbaijan State Oil and Industrial
University, Azerbaijan

Publications

Mammadov M.N, Agayev A.M, Valiyev A.A, Bayramov A..A, Mammadov S.M, Jabrayilova
A.A (2020)

Mineralogical and geochemical characteristics of ore metasomatites suspected in the field of
Umid mineralization, Gadabay ore region, Lesser Caucasus, Azerbaijan. Journal of News of
Azerbaijan Higher Technical Schools, 18-25

Valiyev A.A, Bayramov A.A, Mammadov S.M, Ibrahimov C.R., Jabrayilova A.A. (2020)

Distribution of geochemical elements in ore lenses and their correlation with gold, Bittibulag
copper-arsenic deposit, Lesser Caucasus, Azerbaijan. Journal of News of Azerbaijan Higher
Technical Schools, 13-19
